### ***Condition***

Appropriate to its age. When fitted with a receiver to test winch and rudder servo was functional. A good project to update and renew or to first get into casually sailing this popular vintage class of yacht. Not appropriate for serious match racing. Sails useable but in need of eventual replacement in the longer term.

Image IMG\_9480 ↓

### ***History***

Detailed history unknown. Known to have been used regularly until decommissioned in 2022/23 by its then owner, believed to be its original builder. Donated by a family member and working order tested recently by the Club.

***Priced to sell, we just don't have the room to store boats.***
